

Parking Policy

Addictive Pole Fitness has general parking rules for visitors to our studio. These rules are in place to help ensure our neighbouring businesses have access to their buildings and car parks at reasonable times. Addictive Pole Fitness, generally speaking, only has access to two (2) car parks at all times, however outside of studio hours, there is the option to utilise neighbouring business's car parks. Parking rules can change depending on the time or day of the week.

Weekdays before 5 pm

- Street parking only on Elayne Street (or other neighbouring streets)
- During this time, Addictive Pole Fitness only has access to two (2) car parks. Therefore we ask visitors not to park onsite and to utilise street parking.

Weekdays after 5 pm

- Onsite and street parking are available.
- During this time do not park in front of other businesses or their garage doors, as they may need access to them after hours.
- Please do not park on the far side of Elayne Street, see the picture below.

Weekends

- Onsite parking and street parking are available.
- During this time do not park in front of other businesses, their garage doors or in the disabled parking located next to Able Scales, as these businesses may need to access their premises during these times.
- Please do not park on the far side of Elayne Street, see the picture below.

General Notes

- Please always lock your doors and leave valuables out of sight.
- The area is approved for heavy vehicle parking, if there is a truck trailer parked on the street, please leave enough space for a truck to access the trailer.
- Addictive Pole Fitness only has two (2) designated car parking spaces, these are the 4th and 5th spots from the driveway. They are not labelled, so please consider our neighbouring businesses when visiting the studio.
